Take a drive into the country for a country store like no other. Glenda's Sewing Cupboard offers a variety of unique services under one roof.

With over 40 years of sewing experience, Glenda Bush, owner, has the unique ability to upholster furniture, both commercial and household, make draperies, rug binding, alter clothing, and create personalized wedding accessories and baby items.

"I grew up watching my mother, Mary Nold, sew. I fell in love with the ability to create new and exciting things," Glenda Bush said. "With the love of sewing, I opened the shop in 1988 in one corner of my family's home.

Twenty years later, she took over the entire home and have expanded into a gift and fabric shop as well."

Glenda's Sewing Cupboard also carries the Moda line of quilting material, including jelly rolls and layered cakes. "We also carry fat quarters and supplies," Bush said.

Bush not only upholsters household furniture, but can also upholster tractor, motorcycle, snowmobile, four-wheeler, boat, and truck seats. "We carry a wide variety of material to meet the needs and wishes of our customers." Bush said.

In addition to the sewing services, Glenda's also has a full line gift shop. "We carry unique items that you won't find in a lot of your department stores," Bush said. She currently offers gourmet dips, garden and home decor, angels, teddy bears, John Deere collectibles, picture frames, over 70 scents of candles, and many other items.

New to the gift line, is personalized wedding accessories and baby items. We create personalized ring bearer's pillows and handkerchiefs. They

contain the name of the bride and groom and the date of their marriage. In addition, we can personalize either a pink or blue teddy bear for the newest member of a family. "We can ship our personalized bears and other gift items throughout the United States," Bush said.
